## TRUCE ON IRISH QUESTION IS PREDICTED

### ITALIAN WARSHIPS FIRED ON AT FIUME BY D'ANNUNZIO WHO THREATENS A BREAK

Poet-Warrior Threatens to Bring  
End to Peace in the  
Adriatic.

### ROME REPRESENTATIVE IS GIVEN ULTIMATUM

Transport of "Fleet" Reported  
Sunk in Entrance to  
to Harbor.

(International News Service)  
MILAN, Italy, Dec. 2.—During a  
demonstration by Italian warships off  
Fiume, Gabriele D'Annunzio's troops  
fired upon the warships with rifles,  
said a dispatch from Fiume today. A  
transport of D'Annunzio's "fleet" is  
reported to have been sunk at the en-  
trance to Fiume harbor.

D'Annunzio, military dictator of  
Fiume, is threatening to make formal  
declaration of war against Italy, ef-  
fective tomorrow, if the Rome gov-  
ernment upholds General Cavaglia's  
blockade of Fiume, continued the dis-  
patch.

D'Annunzio has sent wireless in-  
structions to the representative of his  
government at Rome to return to  
Fiume tomorrow unless the Italian  
government backs down. (A desperate  
situation has been created on the Adri-  
atic by the attitude of D'Annunzio,  
the firebrand poet-warrior of Italy.  
His threats are menacing the treaty  
which was recently negotiated by  
Italy and Jugo-Slavia, settling the fu-  
ture status of Fiume and other dis-  
puted territory on the Adriatic.)

### LEAGUE APPLAUDS PRESIDENT WILSON

MESSAGE SENT TO AMERICAN  
EXECUTIVE THANKING  
HIM FOR OFFER

(International News Service)  
GENEVA, Dec. 2.—Delegates to the  
League of Nations assembly meeting  
today received with applause the for-  
mal announcement that President Wil-  
son had consented to serve as media-  
tor between Turkey and Armenia.

"It is a happy fact that President  
Wilson, who will now intervene in be-  
half of Armenia, is one of the authors  
of the League of Nations covenant,"  
said President Hymans of the assem-  
bly, in making the announcement. The  
assembly today sent a message to  
President Wilson, thanking him for his  
acceptance of the invitation.

### CARMEN MOVE UP HOUR OF MEETING

DESIRE TO GIVE OPPORTUNITY  
TO ATTEND BIG MASS  
MEETING

According to announcement of offi-  
cers of the Brotherhood of Railway  
Farmers, their regular meeting, which  
is due to begin at 7 o'clock tonight, will  
begin promptly at 6 o'clock, so as to give  
opportunity for the whole membership  
to attend the mass meeting called by  
Mayor Payne for tonight. The or-  
ganization has passed strong resolu-  
tions against any raise in the water  
rates at this time, and it is expected  
that these resolutions will be read at  
tonight's meeting.

### Officers Elected By Medical Society

At a regular meeting of the Morgan  
County Medical Society, held here this  
morning, the following officers for the  
ensuing year were elected:  
Dr. M. W. Murray, Albany, presi-  
dent; Dr. J. Y. Hamill, Decatur, vice-  
president; Dr. A. M. White, Hartselle,  
censor.

### CIVIC ASSOCIATION WILL BE ORGANIZED FRIDAY NIGHT WHEN YOUNGSTERS MEET

Young People Will Foster a  
Spirit of Civic Pro-  
gress Here.

### SUCCESS IS PREDICTED FOR THE ORGANIZATION

"Five A's" May be Adopted as  
Official Emblem of Asso-  
ciation.

The Albany Civic Association is the  
name of a new organization which  
will be formally organized Friday  
night in the rooms of the Albany  
Chamber of Commerce. This organi-  
zation, while a new venture, is expect-  
ed to be successful from the very be-  
ginning, as much enthusiasm is being  
displayed by those interested in the  
organization of this association. The  
organization will be composed only of  
boys and girls from the ages of 15 to  
20 years old, and it is expected that  
more than a hundred members will be  
enrolled at the meeting tomorrow  
night.

It will be the purpose of the new as-  
sociation to foster all civic moves such  
as beautifying the city and the pro-  
motion of parks and playgrounds, etc.  
One of the main objects of the asso-  
ciation will be to lend their co-opera-  
tion to the officers and directors of the  
Albany Chamber of Commerce in  
whatever duty they may be called up-  
on to perform. It is also considered  
likely that the association will adopt  
the slogan now being used by the  
Chamber of Commerce—"The Five  
A's." It has not been decided defi-  
nitely, but it is very likely that they  
will take the emblem of "The Five  
A's" and have a button made from it,  
which every member will wear.

While no definite program has been  
outlined for the first year's work of  
the association, it has been intimated  
that their initial efforts will be di-  
rected towards a public park which  
has been needed for many years; also  
to work in the interest of playgrounds  
for the children of Albany.

"The membership of the associa-  
tion will not be confined to just a few,  
but every boy or girl who lives in Al-  
bany and has the future of Albany at  
heart will be eligible for membership,"  
it was stated today.

The meeting tomorrow night has  
been called for 7:30 o'clock and those  
interested urge a large attendance.

### LEGIONNAIRES TO HOLD SPECIAL MEET

IMPORTANT SESSION CALLED  
FOR TONIGHT BY COM-  
MANDER BROWN

Members of the American Legion  
post will hold an important special  
meeting at 7:30 o'clock tonight in the  
rooms of the Albany Chamber of  
Commerce and the attendance of ev-  
ery member of the organization was  
urged by Post Commander Raymond  
R. Brown.

### 4 MASKED MEN ROB SOUTHERN TRAIN

After Looting Mail and Express Cars, Ban-  
dits Escape—Search With  
Bloodhounds On.

(International News Service.)  
CHATTANOOGA, Tenn., Dec. 2.—Four masked bandits held  
up passenger train Number 6, running between Chattanooga and  
Cincinnati on the Southern railway at Oneta, Tenn., at 1:30  
o'clock this morning and, after looting the mail and express cars,  
escaped, according to meagre reports reaching here.  
The amount of the booty has not been established. Officers  
and postoffice inspectors, accompanied by bloodhounds, have gone  
to the scene.

### RED X DRIVE IS ANNOUNCED IN SHOP CRAFTS

Reverting to a term often used  
in war times, W. H. Wilson, chair-  
man of the Louisville and Nash-  
ville Shops Federated Crafts, has  
announced a "drive" for Red Cross  
members, beginning yesterday.  
Through the general chairman for the  
shops, Master Mechanic C. W.  
Mathews, Mr. Wilson, as acting  
chairman, has secured an arrange-  
ment whereby the entire popula-  
tion of the shops, aggregating  
1800 men, will be given an oppor-  
tunity to enroll on the 1921 Red  
Cross Roll Call. The plan is for  
the federation to collect the dues  
and forward them direct to state  
headquarters.

Mr. Wilson's notice, which is  
self-explanatory, follows:  
"There is a drive being put on  
for the Red Cross, through the  
Federated Shop Crafts. Clerks in  
all shop offices are authorized to  
receive subscriptions, which will  
be sent direct to the state head-  
quarters.

Respectfully,  
FEDERATED SHOP CRAFTS,  
W. H. Wilson, Chairman.

### U. S. HEALTH CHIEF ENDORSES SALE OF CHRISTMAS SEALS

BIRMINGHAM, Dec. 2. (Special).—  
Surgeon-General Hugh S. Cummings  
of the United States Public Health  
Service has strongly endorsed the Tu-  
berculosis Christmas Seal Sale and  
has expressed the hope that the work  
of the national, state and local tuber-  
culosis associations supported by the  
sale may be extended. His statement  
in full as given to the Alabama Tu-  
berculosis Association follows:

"It is gratifying to observe from  
recently published statistics that the  
past few years have witnessed a fur-  
ther decline in the death rate from  
tuberculosis. There is reason to be-  
lieve that a continuation of well-di-  
rected efforts on the part of adminis-  
trative authorities and others inter-  
ested in the control of tuberculosis  
will eventually lead to the control of  
this great scourge. Much hard work,  
however, needs to be done. Many ob-  
scure problems have still to be solved.  
Much educational propaganda is nec-  
essary in order to arouse the people to  
the ravages wrought by tuberculosis.  
The excellent anti-tuberculosis work  
carried on in various parts of the  
United States must be made nation-  
wide. Facilities for early and accu-  
rate diagnosis must be greatly ex-  
panded. Patients as well as physi-  
cians must be better educated with re-  
spect to these diseases. The progress  
already made should encourage us to  
make greater efforts, and I most  
heartily hope, therefore, that the sale  
of Christmas Tuberculosis Seals this  
year will be highly successful. The  
work of the National Tuberculosis As-  
sociation and its affiliated organiza-  
tions has been so well directed that I  
trust the public will give its whole-  
hearted support to the purchase of  
Christmas Seals."

WEATHER  
Fair and warmer tonight  
and Friday.

### ACTIVE CAMPAIGN HAS STARTED AND NEW NAMES BEING PLACED ON LISTS

Contestants Entering Race Now  
Enjoy Advantage of  
Early Start.

### ROOM FOR MORE IN CONTESTANTS' LISTS

Second Publication of Candi-  
dates' Standing Shows Fine  
Progress Made.

We have been writing a great deal  
here of late about the Automobile  
Campaign and its purpose. We have  
been telling you of the many good  
things in which you may participate  
and the means by which you may en-  
ter into this interesting competition  
and succeed. Quite a number of rep-  
resentative folks of this section have  
already enlisted as contestants in the  
race and are getting busy in the quest  
for subscriptions and credits. The  
campaign is purely a business propo-  
sition. The Daily is offering thou-  
sands of dollars in attractive and val-  
uable prizes in exchange for your ef-  
forts during your spare time.

The Automobile Campaign began  
Monday. Motor trips in these lati-  
tudes when the air is bracing and the  
weather fair will prove one of the  
most enjoyable of pleasures. There  
will be two handsome touring cars  
awarded the two most successful con-  
testants. Be ready to enjoy the most  
exciting and fascinating pleasure  
imaginable by becoming a successful  
contestant in the Automobile Cam-  
paign. There is a \$2025 Buick and a  
Ford sedan in the list. There are  
many other useful prizes.

Campaign Started Monday  
We wish to emphasize the fact that  
the campaign has just started, and we  
wish to impress upon the good people  
who are expecting to take part in the  
campaign, the importance of an early  
start. You will gain absolutely noth-  
ing by standing by and looking on.  
How will you feel when you see your  
friends and neighbors enjoying the  
touring cars and other handsome  
prizes when you realize that you  
could have owned one of them your-  
self? You will be sorry indeed that  
you did not embrace the opportunity  
when it was offered you. Some folks  
have the idea that they must devote  
all their time to securing subscrip-  
tions. Others think that because they  
have never attempted to sell a news-  
paper they would perhaps make a fail-  
ure. Still others imagine that because  
the prizes are large and expensive,  
they are beyond their reach.

You are wrong. Your spare time  
is all that is required; it isn't neces-  
sary that you be a full-fledged sales-  
man or saleswoman, and the very fact  
that the prizes are expensive should  
be the very incentive for your deter-  
mination to win one of them.

Easy to Sell  
The hardest part of the whole af-  
fair (if one should consider it difficult  
at all) lies in the start.

After once you have sent in your  
nomination coupon and enrolled as a  
contestant, you receive a receipt book  
and secure your first subscription, the  
rest is easy. It is the experience of  
those who have already begun an ac-  
tive campaign that they have actually  
been surprised at the encouragement

they have received right from the  
start. You will be most agreeably  
surprised by the ease with which you  
can secure your friends' support.  
First Subscription Coupon  
There are 10,000 extra credits due  
upon the first subscription, regardless  
of whether it is just six months or a

### Building Section Falls, 1 Missing

(International News Service)  
NEW YORK, Dec. 2.—With one  
person missing and eleven injured, la-  
bor squads were working at top speed  
today removing the debris resulting  
from the collapse of a 30-foot section  
of a nine-story apartment house at  
Broadway and 52nd street, which tumbled  
in without warning late yester-  
day while being remodeled.  
There was little hope that the mis-  
sing person would be found alive.

### WATER RATES WILL BE DISCUSSED AT 2 MEETINGS TONIGHT IN ALBANY-DECATUR

Mass Meeting Will be Held and  
Council Will Talk  
Rates.

### PETITION BE HEARD ON DECEMBER SIXTH

Survey of Property Sought to  
Find Basis for Permanent  
Charges.

The new water rates, asked by the  
Alabama Water Company in a peti-  
tion filed with the Public Service  
Commission, will be the subject of dis-  
cussion at two meetings in the Twin  
Cities tonight.

Mayor E. C. Payne has called a mass  
meeting of Albany citizens, to which  
Decatur citizens also were invited, to  
convene at the Albany city hall at  
7:30 o'clock to talk over the water  
rates and to probably make plans for  
combating them.

The Decatur city council will meet  
in regular session at the Decatur city  
hall and the water rate question is one  
of the items of business scheduled to  
occupy a foremost position in the dis-  
cussion. A number of large water  
consumers have signified their inten-  
tion of appearing before the council,  
it was stated today, and they were ex-  
pected to voice opposition to the rates  
sought.

The petition of the water company  
is set for hearing on December 6 when  
the Public Service Commission meets  
in Montgomery. A large number of  
local people, including city officials,  
are planning to attend the hearing.

The water company's petition de-  
clared the company has been operat-  
ing at a loss here and, in addition to  
the higher rates, asked that a survey  
be made of the local property and the  
valuation of the plant and operating  
gear be made by experts, in order that  
permanent rates may be established  
in both Albany and Decatur.

### REHEARSALS FOR MINSTREL TONIGHT

ALL MEMBERS OF CAST EXPECT-  
ED TO ATTEND AT 7  
O'CLOCK

The first general rehearsal of mem-  
bers of the Kiwanis minstrel cast will  
be held at 7 o'clock at the Y. M. C. A.  
tonight. Director Lloyd Wright an-  
nounced today. He urged the attend-  
ance of every member of the cast.

"This will be our first general re-  
hearsal," he said, "and I am anxious  
that every person who is to take part  
be there. Our time is limited and it is  
necessary that we get right down to  
work as soon as possible."

"The minstrel, the proceeds of which  
will be used for a Christmas tree for  
the needy children here, has attracted  
much attention and a record-breaking  
crowd is expected."

### Wilson—Willing Receive Harding

(International News Service)  
WASHINGTON, Dec. 2.—President  
Wilson will be very glad to receive  
President-elect Harding during the lat-  
ter's stay in Washington on his return  
from Panama, it was announced at the  
White House today.

No indication was given, however,  
that the president-elect has signified  
his desire to call on the man he will  
succeed.

LUMBER BURNED  
(International News Service)  
KEARNEY, N. J., Dec. 2.—Hun-  
dreds of dollars' worth of lumber was  
destroyed in a mysterious fire which  
swept through the lumber yard of the  
Plunket-Webster Company, manufactur-  
ers of wooden boxes, today. After  
three hours' fighting the blaze was  
gotten under control.

### CURFEW EXTENSION THROUGHOUT MAJOR PART OF IRELAND IS CONSIDERED TODAY

New Order Would Prohibit Peo-  
ple From Leaving Homes  
at Night.

### TRIALS OF HUNDREDS OF PRISONERS ARE BEGUN

Isaac Kelly, Son of Dublin's  
Lord Mayor, is Placed  
Under Arrest.

(International News Service)  
DUBLIN, Dec. 2.—The British gov-  
ernment contemplates an extension of  
the military curfew order throughout  
the whole southwestern part of Ire-  
land, prohibiting people from leaving  
their homes at night, it was learned  
today.

Virtually all the important Irish  
cities now are under curfew regula-  
tions prohibiting people from appear-  
ing on the streets after 10 o'clock at  
night.

The government has started to try  
the hundreds of newly arrested Sinn  
Feiners by court-martial. Two of the  
prisoners, acquitted last Wednesday,  
were re-arrested as they were leaving  
court.

Isaac Kelly, son of the lord mayor  
of Dublin, was arrested during the  
night. More than 20 additional ar-  
rests were made in this city by Black  
and Tan policemen on Wednesday.  
Street cars and automobiles were  
halted and searched and pedestrians  
were held in the streets.

Countess Markiewicz, member of  
parliament, one of the most prominent  
Sinn Fein leaders in Ireland, who was  
arraigned today before a court-mar-  
tial, charged with conspiracy and se-  
dition, admitted while in jail that she  
had killed British army officers, ac-  
cording to the prosecutor in opening  
the state's case. The prosecutor al-  
leged that the countess was organiz-  
ing Boy Scouts in Ireland for the pur-  
pose of murder.

The court room was under heavy  
guard. Soldiers with fixed bayonets  
stood about the room and formed a  
cordon about the entrance.

### GATES CLOSED (International News Service)

LONDON, Dec. 2.—For the first  
time in years the gigantic iron gates  
of the foreign office were closed today  
to all but those having official busi-  
ness inside. This precaution was taken  
as a result of evidence discovered by  
the police in anti-Sinn Fein raids. It  
is probable that Westminster Abbey  
may be closed to visitors.

Despite the continued reports of  
murder and outrages in Ireland  
and the spread of Sinn Fein "warfare"  
to England, some newspapers indicat-  
ed today that progress is being made  
toward peace beneath "the surface."

"The public demand for an Irish  
truce is growing," said The Daily  
News. "The premier is giving the  
matter close attention. More is hap-  
pening than would be wise to disclose  
at this moment. It is possible that  
Premier Lloyd George may have an  
important announcement to make on  
the Irish situation before parliament  
adjourns for the Christmas holidays."  
Leaders of all parties are giving  
their assurance to the movement for a  
truce.

### SHRINERS PLANNING CHRISTMAS DINNER FOR LOCAL KIDDIES

A meeting of the Tennessee Valley  
Shrine Club was called today for De-  
cember 3, when plans will be mapped  
out for a dinner to be given the needy  
children of the Twin Cities during the  
Christmas holidays. The meeting  
will be held at 7 p. m. Friday in the  
offices of the Central National Bank.  
Officials of the organization urged  
every member to be present.

Entered as second-class matter February 26, 1912, at the postoffice at Albany, Ala., July 1, 1917, under Act of March 8, 1879.

#### THE CHILD LABOR LAW

Miss Augusta B. Martin, deputy child labor inspector, who has just concluded an investigation of conditions here, was quoted in Wednesday's issue of The Daily as declaring she found many violations of the child labor act. It was the fourth visit of Miss Martin, she declared, and more than likely she wonders why a community, law-abiding in other respects, should fail to obey the acts governing the employment of children.

Ignorance of the law would be the answer, but courts do not take judicial cognizance of ignorance as an excuse for guilt. If we are guilty of violations of these worthy legal provisions, placed as a protection about the childhood of Alabama by a farseeing legislature, it behooves us as a community to familiarize ourselves with the measure.

Some of the more sections of the act are as follows:

Section 1. That no child under fourteen years of age shall be employed, permitted, or suffered to work in any gainful occupation, except agriculture or domestic service; provided, however, that boys twelve years of age or over may be employed in business offices and mercantile establishments, except soft drink and ice cream establishments, restaurants or cafes, during the summer vacation when the public school in the city or town in which the child resides are not in session, if the child secures and files with employer a special permit or certificate as hereinafter prescribed; and provided further that boys twelve years of age or over may be employed in the distribution and sale of newspapers and other printed matter as provided for in Section 13 of this act.

Section 2. No child under sixteen years of age shall be employed, permitted, or suffered to work in any gainful occupation, except agriculture or domestic service, for more than six days in any one week, or more than forty-eight hours in any one week or more than eight hours in any one day, or before the hour of six o'clock in the morning, or after the hour of seven o'clock in the evening. The presence of any child under sixteen years of age in any mill, factory, or workshop, laundry, or mechanical establishment shall be prima facie evidence of its employment therein.

Section 7. It shall be unlawful for any firm, person, or corporation to employ, permit, or suffer any child under 16 years of age to work in any gainful occupation, except agriculture or domestic service, unless such person, firm or corporation keeps on file for the inspection of the officials charged with the enforcement of this act, an employment certificate, as hereinafter provided for every such child; and unless such person, firm, or corporation keeps on file for the inspection of the officials charged with the enforcement of this act, a complete list of all such children employed therein. The inspector charged with the enforcement of this act may make demand on any employer in whose establishment a child, apparently under sixteen years of age, is employed or permitted or suffered to work, and whose employment certificate is not filed as required by this act, that such employer shall furnish such official evidence satisfactory to him that such child is, in fact, sixteen years of age or over, or shall cease to employ or permit or suffer such child as is required for the issuance of any employment certificate, and the employer furnishing such evidence shall not be required to furnish any further evidence of age of the child. In any case such employer shall fail to produce and deliver to official such evidence of age thereby required of him, and thereafter continue to employ such child or permit or suffer such child to work in such establishment, proof of the failure to produce and file such evidence shall be prima facie evidence in prosecution that such child is under sixteen years of age, and unlawfully employed. Any official charged with the enforcement of this act may cancel any employment certificate found to be illegally or improperly issued. When any such employment certificate is cancelled, the employer of the child, for whom the employment certificate is issued, shall be notified. It shall be unlawful to employ any such child after notice that the certificate for such child has been cancelled. At such child may be employed after a new employment certificate, regularly issued as provided for by law, shall have been granted to him.

The state authorities, charged with the duty of enforcement of the child labor laws, have been lenient with offenders because they realized the betterment of the condition of children, the aim of the act, would not be realized in a day. It is a process requiring time to complete. Not only for the sake of ourselves, who wish to break no law, but for the safe of the children, whom the law protects, would it not be well for each and every employer to study this act and give to the child welfare department the cooperation it desires?

#### AMERICA ENDANGERED BY NOT BEING IN THE LEAGUE

Germany is keeping the records clear for her next war. When it comes, there can be no complaint that sufficient warning wasn't given. The

Germans are clumsy conspirators. They must exercise their warlike spirit with incurable bravado in the open. That is what Germany has done by notifying the League of Nations that she repudiates her signature to the colonial clause of the peace treaty.

There is, in fact, no colonial clause separate from the treaty. To repudiate part of the treaty is to erase the German signature entirely. Germany's action shows clearly that when the proper time comes, the whole treaty will become a scrap of paper.

When a beaten nation repudiates the treaty of peace, it means a renewal of war. Theoretically, the German nation once more is at war with the allies. Germany considers it an armed peace. Only for the moment, however. When the time becomes propitious, Germany will strike.

While war is thus openly being created in Europe, America stands aloof. America has no official representatives at the meeting place of the League of Nations to protect this country's interests. Another world war is in the making and America has her back turned as she had when the last war was in preparation. Never has a great nation shown greater folly. America will be dragged into the next world war as she was forced into the last. Neutral rights win no respect in a world conflict. If Europe starts the bloodletting again, America must defend herself, though she will have no vital interests in the quarrel.

The only way another war like the last can be prevented is for America to compel Europe to keep the peace. America has the power. But, America must be on the ground every time trouble arises. America must associate with the European war makers to half their mischief. Better the little cost and the slight risk of that procedure than the enormous losses of another war. Europe must be watched from within the League of Nations for America's own protection.—Anniston Star.

#### OUR TOURISTS' CAMP

Gadsden, Albany-Decatur, Anniston and other cities have the project of establishing a tourists' camp in their respective territories well in hand like Huntsville. Attalla has beat us all to it and the City Council has authorized the use of the tabernacle grounds in that city so the Gadsden Evening Journal reports.

Come on Huntsville. The city is sponsor for the plan and surely we cannot afford to let such an opportunity for advertising the merits of Huntsville as a tourist camp would give, go by. The Rotary Club is working on a solution now and when its report is made it should have the hearty co-operation of city officials, merchants, business men and citizens.—Huntsville Telegram.

A short and easy path to fame has been found by one, John Reed, by making a sensational speech in Moscow, to certain imbeciles over there, in which he pointed out the value of lining up the Southern Negroes on the side of Bolshevism. Mr. Reed, who is a magazine writer that no one knows, will be about as successful in stirring up trouble between the blacks and the whites, as German propaganda was at the same task before and during the world war.

Men put their best foot forward, muleish people kick.

It is no distinction now to call the lovely ones "dear," as every thing else is also dear.

The League of Nations has 14 applicants on the waiting list. That don't look like it will have to surrender its charter. Hi Johnson et al to the contrary notwithstanding.

They have arrested the President of the Sinn Feiners; but to arrest the Sinn Fein movement—that is work that is labor.

When the missing link is found, it is apt to happen right here at home.

Well there is one consolation, if Mr. Bryan's heart remains in the grave, he may not run for the Presidency for the forty eleventh time.

There is a vast difference between the Sick man of America, and those who made Mr. Wilson sick.

#### MES CHANGING IN CHINA

"Gentlemen" of Tat Ancient Country Evidently Have Revised Their Opinion About Labor.

A sign of the times from China. At Canton Christian college there are Chinese gentlemen—"gentlemen," says a writer in Asia, "of a class that formerly considered work with the hands degrading"—taking care of and studying a model herd of water-buffaloes. If they were capable of such an emotion the situation would probably surprise the water-buffaloes, for long as water-buffaloes have been a commonplace factor in Chinese agriculture, and their wide horns and clumsy figures almost inevitable in a southern China landscape, they have never before been "studied" in an agricultural school, to say nothing of being studied by gentlemen.

But the Chinese gentlemen of the present, or at any rate some of them, are interested in the future of China, and as that future must necessarily be agricultural, these particular gentlemen are interested in improving the water-buffalo. His temper is probably acceptable enough as it is, for, although cross with strangers, the water-buffalo is gentle with those he knows. A small boy, sitting on his back and sometimes playing a flute, controls him easily, and whoever has seen the creature dragging plow or harrow through the swampy rice fields will probably agree that "water-buffalo" is a proper name for him.—Christian Science Monitor.

#### Gas From Straw.

A gas derived from the destructive distillation of straw is being produced on a small scale at the experimental farm of the United States Department of Agriculture at Arlington, Va., says the Journal of Industrial and Engineering Chemistry in a recent article.

This gas has been used for motor fuel, for cooking and illuminating purposes, but its commercial value has not yet been determined. The office of development work of the bureau of chemistry is now making a series of tests upon it.

Fifty pounds of straw will produce about 300 cubic feet of gas, and the problem of liquefying or condensing the gas in order to enable it to be used practically as a motor fuel is now in process of solution.

Several valuable by-products are obtained during the manufacture of the gas.

## FOUR TRAPPED IN APARTMENT BLAZE

MORE THAN HUNDRED FAMILIES ARE DRIVEN INTO THE STREETS

(International News Service)  
NEW YORK, Dec. 2.—Four persons were burned to death early today in a fire that wrecked a five-story apartment house in West 57th street, just off Fifth avenue.

More than 100 families, living in nearby apartment houses, were driven into the street by the blaze. The fire started in a sub-cellar and spread upward through a dumb waiter shaft, trapping the victims on the third, fourth and fifth floors. The bodies were badly charred.

#### Women Bull Fighters

There are at the present time between two and three hundred women in Mexico engaged in bull fighting, either as slayers of the wounded bulls or as mounted attendants in the ring, and they are immensely popular with the people. Their earnings vary, but on fete days, when hundreds of thousands of people attend a bull fight, a woman may be paid as much as \$3000 for entering the ring.

## SAVES MILES OF STEPS

## Her Happiest Christmas

There is nothing you can give a woman that is so personal as the one thing that will lighten her burden the whole year 'round.

And that one thing is the Hoosier Kitchen Cabinet.

It works for her and with her every day of the year—easing the strain of her house-work, shortening the time she must spend in the kitchen, turning drudgery into happiness.

Through all the years, the Hoosier you give this Christmas will stand as a monument to your loving thoughtfulness. Through all the years it will minister to the health and happiness of the woman who means more to you than all the world—it will save her miles of steps each day, cut out the needless lifting and stooping of kitchen work, and increase the hours that may be spent in happy recreation.

Come to our store for a demonstration—at once. Have a Hoosier reserved for Christmas delivery. Make this the happiest Christmas your home has ever known.

#### MISSIONARY SOCIETY

The Young People's Missionary Society of the Central M. E. church met with Mrs. Robert Sittason Wednesday afternoon. This was a business meeting and the following officers elected: President, Miss Dimple Brock; vice-president, Miss Mary Roxie Collier; recording secretary, Miss Pauline Dunnivant; corresponding secretary, Miss Willie Fiest Price; treasurer, Mrs. Robert Sittason; social service superintendent, Mrs. Leon Moore; publicity and mission study superintendent, Miss Mary Wiggins. The year's work will be satisfactorily closed and pledges and dues will be paid in full by December 15. After the business session the hostess, assisted by Mrs. Shilcer, served cocoa and sandwiches.

### MRS. RUSH ENTERTAINS CLUB

Mrs. Charles Rush was hostess of the Wednesday Card Club yesterday afternoon at her home on Line street. Ferns and other potted plants were effectively arranged in the reception rooms, where the two card tables were placed. The club guest for the afternoon was Mrs. W. B. Williams. After the game, an elaborate salad course was served by the hostess, Mrs. Williams assisting.

### DRAWN WITH MASTER HAND

Walter Scott's Portraits of the Past a Notable Contribution to English Literature.

No wonder that Walter Scott, who, having shown the world in the Minstrelsy and the Lay that he was editor and poet, and being himself a novel reader, should be utterly dissatisfied with the quality of the existing supply. The French Revolution, distinguished by its leveling principle and action, had ended in substituting a feudal empire for an effete monarchy; and even when Napoleon was redividing Europe into kingdoms and principalities for his family and his followers, there had sprung up—or rather revived—a deep devotion to the chivalry which had done so much in the past, and whose traditions had ingrained grace into history and breathed reality into song.

To this feeling, this principle, Scott had ministered in his poems; and now, acknowledged head of the romantic school, he resolved to extend its limits, beyond the ballad to the narrative poem and use prose as the more suitable medium. He strove to delineate the past as it seemed in the eyes of men who were dubious of the present and afraid of the future—noble, stately, glittering and gay, with the pulse of life ever beating to heroic measures. His view of feudalism in "The Talisman," "Ivanhoe" and "The Fair Maid of Perth" was not the caricature a few preceding authors had drawn, but a portrait—faithful, if idealized.—Robert Shelton Mackenzie.

### DEAL JUSTLY WITH CHILDREN

Almost Every Country Now Has Courts to Handle Cases of Juvenile Delinquency.

The example set by the United States in establishing juvenile courts has been followed by all the principal countries of Europe. Spain, the last to fall in line, has adopted the modern viewpoint that delinquent children should not be treated as criminals, but rather as victims of adverse conditions and surroundings. In working out the details of the law, Spanish authorities have followed America's experience, according to information received by the children's bureau of the United States department of labor.

Under the Spanish law the children's judge is not necessarily a member of the bench. He is assisted by two advisory members appointed by the commission for the protection of children. Privacy is guarded very closely in the Spanish juvenile courts; no one except probation officers is allowed in the court unless by special permission, and the press is forbidden to publish any information about cases of juvenile delinquents.

Since Chicago established the first juvenile court in 1899, similar courts have been established in England, France, Belgium, Holland, Denmark, Switzerland, Italy, Germany, Russia, Austria and Hungary.

### The Navipendulum.

One of the problems which naval architects have to confront is the rolling of a ship on the waves, and the "navipendulum" is an invention for dealing with it experimentally.

The apparatus consists of two parts: A plate to which a motion corresponding to that of a portion of the surface of a wave is imparted, and a pendulum of a peculiar shape which rolls upon the moving plate in the manner of a vessel supported by water.

The same pendulum can be made to represent different vessels of given size and shape by adding or removing artificial resistance to the oscillatory motion.

This instrument has been employed to study the rolling of the Italian battleships as well as those of other countries.

### Do Well Without Meat.

Less than a third of the world's population gets what we should call three good meals a day, yet the working capabilities of the, from our point of view, underfed continents of Asia and Africa will compare very well with either Europe or America. The average annual meat consumption of the world is 39 pounds a head, yet both the Australian and the American eat nearer 180 pounds per head, and the Englishman is not far behind with about 120 pounds.

### SCORCHED MONEY IS GOOD

Government Will Redeem It if It is Possible to Recognize It as Currency.

When the Chicago fire occurred and subsided many people scrambled through the embers to find the safes in which their money had been put away. With impatient hands these safes were opened to see the condition of the contents. In many instances this haste was expensive.

Flames were not able to penetrate these safes to consume the contents. Being airtight there was not enough oxygen in them to create a blaze. But in many of them there was still heat. When air was let into these safes they burst into flame and the contents were consumed. Had they not been opened their contents would have been intact.

By the time the Baltimore and San Francisco fires came such safe owners as banks had acquired more wisdom. Ample time was given for them to cool off. In most cases it was found that the paper money was dried and lifeless but still intact. Much of it went back into circulation. More of it was replaced by the government with new money.

Even when little but ashes is left the government will redeem burnt money if the bills are still recognizable. Such bills, carefully packed in cotton batting that they may not be ground into a powder, are still as good at the treasury as though they were in the original form. They will be identified and reissued.

**Jasper Fire Loss Put at \$300,000**

(International News Service) JASPER, Dec. 2.—The loss in yesterday's fire, which destroyed one whole business block and partially destroyed two other blocks, is estimated at \$300,000, with insurance of \$150,000, by insurance men here today. It is planned to rebuild all the burned buildings at once.

**BOSTON IS STRUGGLING WITH HOUSING PROBLEM**

(International News Service) BOSTON, Dec. 2.—Only 230 families provided for among the thousand who seek homes is the record of building accomplishment for the ten months ending with October in the city of Boston. This is the information furnished to Senator Calder of the senate committee on housing and reconstruction, by Charles S. Damrell, chief clerk in the department of building. September led the other months of the year with 71 families provided for.

Applications for the past week call for ten three-family houses to cost \$12,000 each. The permits are being held up pending further investigation as to whether garages may be permitted in the sub-cellars of these houses.

**Bathing and Health.**

The Hebrews, Hindus and Mohammedans, as a part of their religion, are required to keep the body clean by frequent ablutions and baths and this has had a far-reaching effect upon the healthfulness of those people. When the Roman empire fell, the magnificent system of baths, which its people had and used for cleanliness of body, soon lapsed into decay. Only in Spain, under the Moors, was the system of bathing kept up. There, to conform to the religious rites of Islam, luxurious baths were maintained, but when the Moors were expelled the misguided pious people razed to the ground these remnants of heathenism.

**Probably Oldest Industry.**

The impending sale of Brandon Park, an estate of 2,000 acres, on the Norfolk-Suffolk (Eng.) borders, recalls what is probably the oldest and most enduring industry in the world—flint working.

At Brandon the first flint working industry has been carried on for several thousand years. A small colony of workers is still making gun flint there and exporting them to savage tribes in Northern and Central Africa. It is in these workers are lineal descendants of the flint workers of the neolithic age.

**Slowing Down Production.**

## COTTON MARKET OPENS STRONGER

**LIVERPOOL CABLES BETTER THAN HAD BEEN EXPECTED THIS MORNING**

(International News Service) NEW YORK, Dec. 2.—Although the cables from Liverpool eased from the best under selling by Manchester, they were still better than had been due at the opening of the cotton market here today and had an influence in advancing prices 22 to 35 points. Liverpool houses bought and there was further covering by Wall street and local shorts.

The demand was supplied by traders who have been bullish in the last day or two and who have good profits. After the start, prices sagged about 15 points from the top and after the first 15 minutes the list was about 18 points net higher.

## ASKS COOPERATION IN CITY CLEAN-UP

**SANITARY OFFICIAL WARNS THE  
CITIZENS MUST CLEAR  
THE ALLEYS**

A warning that wood and trash piles in alleys in Albany must be removed and a plea for co-operation in making the city more healthful and more beautiful was issued by H. H. Nichols, sanitary officer.

"People that have wood in the alleys back of their homes are notified that they must move same or action will be started against them," declared Mr. Nichols.

"At the present time we are attempting to get our bearings on our new plans for a more beautiful and a more healthful city. Other city departments are co-operating with me and we expect to soon complete plans for arranging visits of the sanitary wagons to every section of the city every few weeks for the removal of trash. I hope the citizens will give us their co-operation."

## Funeral is Held For Wm. T. Goree

Funeral services were held at 2:30 o'clock this afternoon for William T. Goree, who died Tuesday evening at 10 o'clock at the residence of his brother, J. T. Goree. Services were conducted from the residence, 306 Ferry street, by Rev. C. C. Davison, pastor of the First Baptist church, Decatur, and interment was made here.

The deceased is survived by five sisters, Miss Emma Goree, Mrs. W. T. Smith, Mrs. Della Justice, Mrs. E. L. Taylor and Mrs. C. G. Lawton of Alexandria, La., and a brother, J. T. Goree.

## WOMAN THOUGHT TO BE FLEEING TO MEXICAN BORDER

(International News Service)  
ARDMORE, Okla., Dec. 2.—Activities in the search for Mrs. Clara Smith Hamon were intensified and the scope of the investigation was broadened by revelations made by E. W. Sallis, automobile driver of Dallas, Texas, who declared in a sworn statement that Mrs. Hamon told him she fired the shot that killed Jake Hamon, millionaire and member of the Republican state committee.

Sallis drove Mrs. Hamon, he declares, from Dallas to Cisco, Texas, last Tuesday and Wednesday. Prosecutor Brown believed that the woman may still be in the vicinity of Cisco, although he is convinced she intends to make her way into Mexico and may already have succeeded in crossing the border. Aside from the search for Mrs. Hamon, the county attorneys planned also to investigate statements alleged to have been made by her that wealthy friends of the slain oil magnate in Ardmore aided her in her flight.

longer period. This number of credits is extra and in addition to those given according to the regular schedule of credits. It is surprisingly easy to roll up a good score quickly, and when one takes into consideration that 2000 credits are due upon the nomination coupon and that the free credit coupon printed in the paper each day is good for many.

One may enter the campaign and secure a new subscription for The Daily for a period of six months costing \$4 and have a total of 17,000 credits. Quite a nice score, isn't it?

Some folks have the idea that just those credit coupons printed in their own paper will count for them. This is wrong. Get as many of your friends to clip them from their daily papers as you can, and send them in for you. They count, and they are more valuable than one may at first suppose.

## Amusements

### GLADYS BROCKWELL

#### IN NEW FOX PICTURE

#### STAR THEATER TODAY

"Rose of Nome," a drama of love and gold in the great Northwest, in which William Fox presents Gladys Brockwell, will begin an engagement at the Star Theater today.

As with other stories by Barbara Le Marr Deely, this play is said to be filled with intensely dramatic situations that have been brought out with compelling force by Edward J. Le Saint, the director. There are scenes in the forest primeval, in the great now-covered wastes, in the Alaska gambling dens and dance halls.

Miss Brockwell is surrounded with a strong cast, including William Scott, Herbert Prior, Gertrude Ryan, Edward Peel, Stanton Heck, Frank Thorne, Lule Warrenton and Georgie Woodhorpe. Paul Schofield wrote the scenario.

#### ALL-STAR CAST IN "WHY CHANGE YOUR WIFE?" AT PRINCESS AGAIN TODAY

A notable group of stage and film favorites forms the cast of "Why Change Your Wife?" Thomas Meighan, who did such magnificent work in Cecil B. DeMille's "Male and Female" and George Loane Tucker's "The Miracle Man," heads the masculine portion of the cast in the role of the husband with Gloria Swanson, the beautiful and talented DeMille actress, playing opposite. Theodore Kosloff, famous Russian dancer and pantomimist, is cast in the role of a violinist of his own nationality, and Bebe Daniels of the fascinating half-Oriental personality handles the difficult role of "the other woman."

Other notable members of the cast are Sylvia Ashton, Clarence Geldart and Maym Kelso, capable members of the Famous Players-Lasky stock forces who are known and appreciated by the host of fans who have seen their excellent portrayals in previous photoplays.

The proper idea of a balloon was formed by Albert of Saxony, a monk, in the fourteenth century.
